**Updates!**

Seems like every time we turn around, the computer is getting new updates. There are updates that protect against computer viruses. There are updates that fix broken code. There are updates that add new features. There's always something being updated. Why? The goal is to make the computer better somehow. Does it always work that way? No. Sometimes, the updates make things worse for a while until they can release a new update for the update. Ha!

Christians need updates too! Sin has broken our code. Satan is always trying to sneak in a spiritual virus. The world presents new "features" to which the Christian must respond. How do we get our updates? Fortunately, God has given us everything we need to be updated. It's called the Bible. Paul wrote, "All Scripture is given by inspiration of God, and is profitable for doctrine, for reproof, for correction, for instruction in righteousness, that the man of God may be complete, thoroughly equipped for every good work" (2 Timothy 3:16-17). Whether we need correction, protection, or edification, the word of God gives us what we need.

The good news is that we don't have to wait on a software company to send us the update. We can get them at any time by opening our Bibles and studying God's word. In addition to that, we can get major updates every Sunday and Wednesday by coming to worship and Bible study. Regular updates will keep our Christian "system" functioning well. We'll be able to protect ourselves against Satan's "viruses," and we will have our "code" fixed too. We will know how to respond to the world's new "features" because the word of God will inform us what to do.

Why not download God's update for you today?

God bless you, and I love you.

**Do You Have a Moses on Your Hands?**

“What do you know about Moses?” the Bible class teacher asked her eager 5th graders. “He was saved from death because his mother put him in a little boat on the river.” “He was found by Pharaoh’s daughter.” “He led the people out of bondage.” “He gave the Ten Commandments.” “He led the children of Israel in the desert.”

We know a great deal about Moses, don’t we? Without a doubt, he is one of the greatest people in the Bible. But, what do you know about his parents? Some may know their names were Amram and Jochebed. Others may know they were of the tribe at Levi. A few may know this passage of Scripture: “By faith Moses, when he was born, was hidden three months by his parents, because they saw he was a beautiful child and they were not afraid of the king’s command” (Hebrews 11:23).

The story of Moses really begins with parents’ faith. The king of Egypt had decreed that all Hebrew male babies should be thrown into the Nile River. However, the faith of Moses’ parents led them to reject the king’s commandment. As a result, Moses was rescued from the river by the daughter of Pharaoh and nurtured for the first few years of his life by his own mother. During those years his parents must have taught him about his heritage, the God of Israel, and the promised future. What happened then is history: Moses was brought up in the house of Pharaoh as the son at Pharaoh’s daughter; after 40 years in Egypt he refused the splendor and power of a position in Egypt and became a shepherd in the wilderness of Sinai for another 40 years; then God called and Moses answered to become Law-giver, deliverer, leader, prophet, priest, protector, and a household name to millions.

What Moses became was largely because of his parents’ faith which led them to preserve him, provide for him, and prepare him for the service of God. Now, look at your child. Here is a gift from God. You are entrusted with a treasure. What will your child become? The answer will largely be dependent upon your faith. You may have a Moses on your hands if (and that’s a big “if”) you have enough faith to fulfill your God-given responsibilities in training him in the ways of God. Bible classes will help. Regular attendance in worship will help. Christian associations will help. Do all you can to capture the Moses in your child while the opportunity is there. Think about it.
